--	--

In response to positive club feedback last year, the WAAFL is conducting a workshop for clubs on running a successful club bar together with Department of Liquor and Gaming licensing requirements.

As club bar takings generate significant funds for clubs, the purpose of the workshop is to highlight ways to maximise bar income whilst ensuring the club meets its licensing obligations.

The workshop is aimed at Club Bar Managers.

Due to the size of the room clubs are requested to RSVP to attend. Clubs may have more than one representative attend.

Please [CLICK HERE to RSVP](#).
