Summary of Round 1

Welcome back to another season of "Footy for Kicks", hope everyone enjoyed a sensation day for round 1 at Ellenbrook and Brentwood. Thanks to both clubs for hosting, great work. Disappointing the outcomes of unacceptable behaviors in Masters Footy by a few participants ruining the experience for many more. Please remember in a year when Sponsors are watching us closely, don't be the club that affects our Sponsorship capacity due to poor on field behaviour.

Weekend Stats

Q: How many yellow/red cards were issued in round 1?

A: 4 Yellow cards and 2 red cards.

Q: How many cards were issued in 2020 ?

A: 17 in total, 15 yellow cards and 2 red cards

Changes at WAFC

Congratulations to Daniel Murphy who will be changing role within WAFC to Community Development Specialist, and we welcome a new Board Administrator, Patrick Abbott who can be contacted on administrator@aflmasterswa.com.au. Thanks Dan for your efforts over 12 tough months in WA Footy and within AFLMWA and welcome Patrick.

Water Carrier Restrictions

AFLMWA align to other WAFC affiliate competitions, where you are allowed water carriers, but you must use your own water bottle at training and games and cannot share water bottles. Therefore, it is encouraged that there are no water carriers as this is obviously hard to manage for the water carrier.

An alternative would be:

For **forwards** and **backs** to take their own water bottles with them and leave them behind the goals so they can have a drink while the ball is up the other end if they need water before the quarter or half time break.

For **midfielders** they would need to either come off for a drink or have their own water bottle brought out to them.
