

Team Merger

- Create a new club identity on FootyWeb (Competition Coordinator)
- Club to identify who will act as Registrar and Team Manager for the teams and forward this information to the Competition Coordinator
- Competition Coordinator will upload new club logo
- Players to register to their home club
- Club Registrar to transfer players into new club, create teams and allocate players to the team
- Club Registrar/Team Managers responsible for update team sheets/games played each week
- Season games played will be updated on the player record. Will show the New club but total will include all games played
Eg Home team 56 + New club 14 = 70
- Competition Coordinator will transfer players back to home club in November transfer window. The transfer will be set to auto approve from the new club. This will allow player to register to their home club next season and the home club will receive the registration fees.
